

ELEGANT AND APPROPRIATE

PRESENTS FOR THE FAMILIES OF THE NOBILITY  
AND GENTRY.

**T**HE following AMUSING and INSTRUCTIVE WORKS have recently been published, for the use of young persons;—

1. A NEW AND COMPREHENSIVE DRAWING-BOOK, on an improved plan; or a Series of Practical Instructions in Landscape Painting in Water Colours: containing Directions for Sketching from Nature, and the Application of Perspective; Progressive Lessons in Drawing, from the Tinted Sketch to the Finished Subject; and Examples of the Introduction of Figures, Architectural Subjects, particular Effects, &c., as connected with Landscape Scenery. By JOHN CLARK. Illustrated by fifty-five Views from Nature, descriptive objects, &c.

All the Views are mounted separately on drab-coloured card-board, in imitation of Drawings, so that the members of the most numerous family, or indeed fifty-five persons, might be occupied in inspecting or copying from them at the same time, without inconvenience, an advantage which does not pertain to any Drawing Book hitherto published.

The Views, together with the Four Parts of Descriptive Letter-press, are all contained in a strong and handsome box, covered with leather, and resembling a royal 4to. volume; thus presenting an elegant appearance either on the library shelf or the parlour table.

The price of the work is Six Guineas; a sum which does not exceed what is usually paid to a Drawing-Master for twelve lessons.

2. URANIA'S MIRROR; or, a View of the Heavens: on a plan perfectly original. Designed by a Lady.

The work consists of thirty-two Large Cards, on which are represented all the Constellations visible in Great Britain. Each Constellation is drawn with the Figures ascribed to it by the ancients; and the Stars are perforated, according to their relative magnitudes, so as to exhibit, when held up to the light, their natural appearance in the Heavens. The Cards are accompanied with a Familiar Treatise on Astronomy, written expressly for this purpose by J. ASPIN, and illustrated with Plates. New Edition, fitted up in an elegant box. Price 1*l.* 8*s.* plain, or 1*l.* 14*s.* beautifully coloured.

"Among the many ingenious and beautiful inventions to promote the study of science, and render it as delightful as it is valuable, we have never seen anything to surpass this admirable production."—*Lett. Gaz.*

N.B. The Second Part of Urania's Mirror, consisting of Illustrations of the Planets, a Portable Orrery, &c. &c., will shortly appear.

3. The PORTABLE DIORAMA; consisting of Romantic, Grand, and Picturesque Scenery; with the necessary apparatus for producing the various effects of SUNRISE, SUNSET, MOONLIGHT, the appearance and disappearance of CLOUDS, the RAINBOW, &c. on the principle of the Diorama in Regent's Park: accompanied with Descriptive Letter-press on preparing Transparencies and various Effects, &c.; illustrated with Plates. By JOHN CLARK. Fitted up in a handsome box. Price 3*l.* 3*s.*

4. The MYRIORAMA; or, Many Thousand Views. Designed by Mr. CLARK.

The Myriorama consists of fragments of Landscapes, neatly coloured, and so ingeniously contrived, that any two, or more, placed together, will form a pleasing view; or, if the whole are put on a table at once, will admit of the astonishing number of 20,922,789,898,000 variations. The Cards are fitted up in an elegant box. Price 15*s.*

5. The MYRIORAMA; or, Many Thousand Views (SECOND SERIES): consisting entirely of Italian Scenery. Designed by Mr. CLARK.

The Second Series is capable of even greater variation than the First, as the number of cards is increased. The changes which may be produced amount to the astounding and almost incredible number of 620,448,401,733,239,439,360,000. Price 1*l.* 4*s.* in an elegant box.

6. ASSHETON'S HISTORICAL MAP OF PALESTINE, or THE HOLY LAND, on a large scale (40 inches by 27 $\frac{1}{2}$ ), on which are introduced nearly one hundred small historical devices, illustrative of the Principal Events in Scripture History. The Map is accompanied with a Descriptive Pamphlet, and a complete Index of Places, with their Latitude and Longitude. Price 1*l.* 15*s.* canvass and roller; 1*l.* 16*s.* canvass and case; or 2*l.* 2*s.* on canvass and roller, full coloured and varnished.
